**REMARKS**

The subject application has been allowed, except for the drawing objections under 37 CFR 1.83(a) as set forth in the Final Office Action dated July 11, 2007.

In response to the drawing objections, Applicants have added a "Y" coupling 53 to FIG. 1 and added reference number 53 to the text. Support for the drawing change can be found in paragraph [00020] of the subject application. Applicants have added reference number 63 for the elbow couplings to FIG. 1. Support for the drawing change can be found in paragraph [00022] of the subject application.

Applicants have added truck 41 to FIG. 1 and associated text. Support for the drawing change can be found in paragraph [00013] of the subject application.

Applicants have added circular or cylindrical spray nozzles 58 to FIG. 3. Support for the drawing change can be found in paragraph [00018] of the subject application.

Applicants traverse the objection to the drawings as failing to show the first and second hook-up ports connected to the truck. The truck has been added as described above. The first and second hook-up ports are denoted by reference number 42 in FIG. 1. Further detail of the hook-up port 42 is shown in FIG. 2. The details of hook-up ports 42 in FIGs. 1 and 2 is believed to meet the requirements of 37 CFR 1.83(a).

Applicant(s) believe that all information and requirements for the application have been provided to the USPTO. If there are matters that can be discussed by telephone to further the prosecution of the Application, Applicant(s) invite the Examiner to call the undersigned attorney at the Examiner's convenience.
